

# SMARTCUT UC200

LABEL CUTTER

**SERVO  
MOTOR**

### SMART TOUCH SCREEN

Simple operation, smooth performance.

Automatic continuous paper feeding, saving time and effort.

### HIGH-DEFINITION CAMERA

Material-agnostic, precise positioning.

QR code auto recognition function, the cutting efficiency is greatly improved.

High precision double pressure wheel design structure, more accurate and no paper jam.

### MULTI-PORT OUTPUT

Supports multiple connection ports including USB, Flash Drive, Ethernet, and WiFi.

## Specifications

Model	UC200
Max. Cutting Speed	1600mm/s
Max. Cutting Force	1000g
Max. Media Width	350mm
Max. Cutting Width	330mm
Max. Paper Weight	350g
Sheet Feeding	100-150 pcs (depends on thickness)
Feeding Method	Friction Feed
G.W	45kg

Drive System	Servo System
Resolution	0.0125mm
Data Transmission	USB, Flash Drive, Ethernet Port, WiFi
Working Atmosphere	Temperature: 0 to 35°C, Relative Humidity: 35% to 95% (non-condensing)
Packing Dimensions	850x550x470mm
Position Mode	CCD Camera
Power Supply	AC100~240V/5060Hz /10A
